**Attendee Feedback:**

**CSNC WORKSHOP: PERFECT YOUR EMOTIONAL BALANCING ACT: ENDURANCE STRATEGIES FOR LEADERS - THURSDAY**

**Presenter: Deborah Chambers-Chima**

**Comments:**

Need to allow more time for the subject matter by Ms. Chima. 1 hour was not enough. Information presented was clear, concise, & relevant to issues in today's corporate world.

A lot of information for only a 1-hour session needed more time. No time for questions & answers. But overall great speaker; great energy.

Presenter, although high energy, did not provide substantive material - too basic. Very difficult to fill in handout. Was not clear what needed to be included, based on presentation.

One pager should have been filled in; forgot I needed to fill in blanks so not sure of all key takeaways when I go back to notes. Needed more time.

More time needed for discussion. I would have liked to hear more from the audience. Their perspective on the points raised probably would have added tremendous value.

Excellent speaker/presentation. The delivery was exceptional. I learnt a lot from this session and would implement some of the tools in my company.

Really enjoyed. Think there needs to be more time allocated. Attention paid to leadership from a managing up standpoint.

Very informative, the presenter has a great background & quickly got acceptance from the audience once she shared her background.

The information was so, so, valuable. The conference should allow her more time. Ms. Chambers has much to share!

She needed more time - next time make workshop 1.5 hr - 2hrs

Great presentation. Creating a leadership brand was very insightful.

Would have liked for her to have more time to present. Great session!!

Great session - 1/2 more would have been great!!

Great presenter and love your/her style/brand! Clear

Needed more time to present material.

She needed more time to go through her presentation.

Great session, very practical & informative

Too much information packed into one hour!

Workshop should be 1 1/2 hr

Great workshop! Deborah was very lively and motivational.

Really appreciate info. Needed an additional 30min and more chairs as this class was popular.

We needed more time to go over all the information. Overall, great presentation.

Excellent session. Information was very timely.

Due to the nature, importance, and need for audience participation, the seminar need to be longer.

Excellent presentation & packed in the information

Great workshop. Very informative.

Wonderful!

Excellent!

Excellent

**CSNC WORKSHOP: PERFECT YOUR EMOTIONAL BALANCING ACT: ENDURANCE STRATEGIES FOR LEADERS - FRIDAY**

**Presenter: Deborah Chambers-Chima**

**Comments:**

Would like to see entire session - it was cut short due to running behind schedule

Thank You! 60 mins is not enough time for even the most experienced facilitator to include interaction & deliver a message. Honest, accurate, info perhaps 90 min sessions would allow for more in the audience interaction - clearly, people want to discuss their situation & ask questions

Would have liked strategies on controlling emotions (body language)

I really found value in the class. I would have liked to have participated in some explanatory exercises. Also she could have shorten the commentary as to leave time for questions.

Enjoyed the session

She was great! Needed 10 more min for discussion. V.V. good topic. Have it again in 2009. This is necessary for our survival in the workplace & community w/family, friends as well

Would like it if copies of presentations are shared. If we want to save paper, perhaps distribute CDs with all the presentations on them. Presenter ran out of time for presentation & had to speed through it all.

Great energy and enthusiasm. Had a lot of knowledge and expertise of the subject at hand. Provided a wealth of useful practical skills.

Allow more time; rushed through last 15 minutes (would have preferred to stop b/c delivery was too fast & information was not received well i.e. message sent did not equal message received). Great energy and expertise!

Goes too fast to refuse handouts. Can't write it all down fast enough to leave with practices we can adopt. Not enough time - skipped over information & ran late.

Some of the scenarios were irrelevant to me because I do not work in the typical corporate environment, but rather am an associate in a law firm.

Very engaging

Session was not long enough

This session should be 90 minutes. We need more time for examples & questions.

This session needs more time for effective delivery.

Nice job! You were very helpful! :)

Wonderful seminar! Ms. Chima is inspirational and very informative. I enjoyed the session and look forward to more of her works.

Really enjoyed Deborah. Great energy, knows her stuff. Great teacher.

Good presentation, more time needed

High energy, fun, relevant

Would have liked more slides printed. Would have benefited from a longer time slot.

Keep up the good work! :)

Give @ least 1.5hrs to presenters for this topic rather than only 1. A lot of info to present & absorb in such a short sitting. I would highly recommend inviting the presenters, especially Jeff Hatchell, back to present during a keynote luncheon or the leadership institute.
